

FORTE SERIES™

The real VIP experience.

VIP, Club and GA Seating

Finally venue operators can provide patrons, in every row of their facility, equivalent comfort of the highest standard with Forte.

Forte Compact has identical ergonomic contouring and cushioning support as Forte. Never before has a chair with this level of contouring and support been able to achieve such a feat.

Maintenance is made easy with the chair's toggle locking system to beam, and Camatic's patented cushion removal system in both seat and backrest.

FORTE
