

QUANTUM SLAT-BACK™

The worlds best stadium seat now with a whole new look.

GA and Club Seating

As a new addition to the world renowned Quantum Series, the Quantum Slat Back is the next generation of invigorating stadium seat design from Camatic.

In line with the Quantum Series, The Quantum Slat-Back utilizes Camatics' patented beam-mount system which maximizes venue capacity and reconfiguration whilst also providing for faster installation and change-out times. The ergonomic profile of the Quantum Series remains in the slat back but with the design reminiscent of early 20th century baseball stadium seating and in doing so providing for a more breathable back support.

QUANTUM SLAT-BACK VIP

FEATURES AND BENEFITS

- **Nostalgic Design**
Slat-Back design reminiscent of early 20th century baseball stadiums seating. Also allows for back breathability
- **Superior System**
Gas channels provide increased strength and durability using engineering grade plastic polypropylene shells, composite glass filled nylon side supports
- **Fully Enclosed Pivot Mechanism**
No unsafe finger traps, maintenance free and no dirt traps
- **Beam mounted seat**
Increased venue capacity with seat reconfiguration and uniform spacing along each row with fast installation time
- **Tilt Seat**
Counterweight tilt mechanism for reliable seat return position

MAINTENANCE & UPHOLSTERY

- **Fast installation.**
 - Seat can be replaced in minimal time using toggle-lock system
