

VALENCIA MOTION

Compact luxury recliner.

VIP / Premium and GA recliner seating

Valencia Motion Series offers a wide range of configurable systems – designed for tight row spacing. The Valencia Motion 10's envelope can be configured as low as 1150mm (46 1/2"). The unique action of the Valencia Motion gently reclines the seat & backrest as the footrest is being raised.

The Valencia Motion 10 can be positioned right up against a wall to maximise use of space, as there is no rearward movement of the backrest while reclining. This is more commonly known as a Zero Wall, Wall-Away or Wall-Hugger recliner.

The Valencia Motion 34 has been designed to adapt a swivel table system for dine-in cinema, without coming into contact with patrons legs during reclining.

VALENCIA MOTION 10

FEATURES & BENEFITS

- Motion Recliner (Single Motor)**
 Single motor recline function raises the footrest and gently reclines the seat and backrest in a single movement
- Zero Wall (A.k.a Wall Away) recliner (Motion 10 only)**
 Unique recline movement allows seats to be installed right against a back wall and not impede any recline function
- Heavy duty recliner mechanism**
 Durable, low maintenance and smooth recline function
- Moulded polyurethane seat and back (upholstered)**
 Patented moulded foam is long lasting, supportive and comfortable for continuous hours of use for years to come
- Luxurious padded table box arm designs**
 Stylish box arms designed with a range of optional features (Tables options, cup holders, buttons, ID tags and lights)
- Easy access lift up seat pan**
 lift up seat makes under seat cleaning simple and efficient
- Individually designed components**
 Designed for ease of installation and replacement of key components minimising on-site replacement time and refurbishment costs
