

QUANTUM™ SQ 150

The world's best retractable seating system.

GA and Club seating - retractable

In line with the Quantum™ Series comes the Quantum SQ (Square-back) 150, the world's leading retractable seating product. As its name suggests, the Quantum SQ 150 is able to be compacted into a 6" [150mm] envelope, but what sets this product apart from its counterparts is the ability to retract arms and cupholders within the 6" [150mm] envelope.

The Quantum SQ 150 utilizes Camatics' patented beam mount system which maximizes venue capacity and reconfiguration whilst also providing for faster installation and change-out times. The ergonomic profile of the Quantum Series remains in the Square-Back design and compliments aesthetics of any contemporary venue.

QUANTUM™ SQ 150

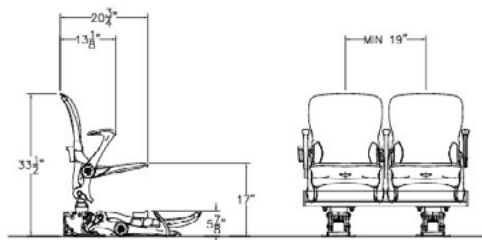

FEATURES & BENEFITS

- Fold-down retractable to 6" [150mm]**
 Compact design with full return tilt seat allows for tight egress rows installation and used as a highly compact retractable seating solution on fold-down brackets
- Contemporary Square-Back design**
 Square-Back designed to suite contemporary architecture and design aesthetics with added comfort
- Independently mounted on beam**
 Independent beam mounting allows for easy seat reconfiguration and uniform spacing along each row with fast installation time
- Fully enclosed pivot mechanism**
 - Spring loaded tilt mechanism
 - Full return tilt seat mechanism
 - Factory assembled (no on-site assembly)
 - Recessed into the chair to prevent finger entrapment
 - Maintenance free for the life of the product
- Engineering grade polypropylene structure**
 Engineering grade polypropylene shells with gas injection channels to provide increased structural strength
- Engineering-grade nylon side supports**
 Side supports made from heavy duty structural materials
- 19 1/8" [485mm] minimum seat center**
 Suitable for infinite center positions from minimum of 18 1/2" [470mm] with arms

OPTIONS & ACCESSORIES

- Mounting systems options (Beam mounted)**
 - Tread (Floor)
